

HOLDEN VE UTE

Certification
TUV from
Germany

Certification
ISO 9001 : 2008

Tradesman's Canopy by

CARRYBOY®
The Name of Quality and Design.

Standard Features

- The Canopy has been designed around the styling of the Holden VE Ute. Smooth finish, complementing the duco & design of your Holden VE Ute.
- All glass is curved, tempered and tinted, providing extra security whilst keeping your cargo area cooler in summer.
- The rear door contours around the tail gate for optimum fit and is "Slam Action" operated, shutting like a car door.
- New side Lift-Up windows with central lock are "Slam Action." A single key operates all access points allowing convenient entry to the cargo area.
- Introduction of a "Rotary Lock System" in stainless steel for Lift Up Side windows and rear door that improves security and simplifies operation. All hinges are stainless steel for longer life.
- Standard stylish roof rails with a rated load of 85 kgs. Standard features also include a rear spoiler with high mount L.E.D. brake light, full interior carpet lining with an L.E.D. interior light.
- Painted in two pack, Carryboy Australia and Dulux Auto Refinish Coatings have conducted extensive research to qualify for an exclusive 3 year or 100,000 km Carryboy warranty.
- 3 year Carryboy warranty on all moving parts excluding glass.
- Carryboy, global leaders in vehicle personalisation.
